

## Summary

Confident and passionate physician with certification from the American Board of Pediatrics since 2002 and Integrative Medicine training. Extensive experience in clinical and hospital settings. Strong background helping children grow up healthy in surrounding communities, building a private practice, and teaching students in nursing practitioner and physician assistant programs.

## Highlights

- Continuous improvement and quality assurance awareness
- Long experience in clinical and hospital settings
- Empathetic and courteous to patients and their parents
- Integrative medicine training and experience
- Special focus on preventive care and nutrition

## Experience

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |                |
